

Our customer, an energy trading specialist, is looking for an

IFRS Accounting Manager (m/f/t)
Accounting Projects & Principles

Reference number 21166

Location(s). Essen(Germany), Swindon (UK) or London (UK)

Your tasks:

- IFRS Expertise: Deep dive into complex IFRS topics, especially those impacting commodity transactions
- Financial Acumen: Assess new products, acquisitions, and investment projects, ensuring financial soundness and alignment with accounting principles
- Project Maestro: Coordinate and manage accounting projects from start to finish, driving efficiency and accuracy
- Accounting Architect: Refine and develop accounting principles, ensuring they adapt to changing regulations and business needs
- Financial Reporting Guru: Support the preparation of financial statements in accordance with IFRS and HGB
- Decision Support Jedi: Contribute to the development of decision templates for the executive committee, empowering informed strategic choices
- Auditor Liaison: Serve as the contact for auditors' inquiries, fostering a transparent and collaborative relationship

Your skills:

- Possess a degree / professional qualification in Accounting, Business Administration, Economics, Engineering or a similar field, demonstrating a strong foundation in analytical thinking and problem-solving
- Navigate the complexities of IFRS with confidence, ensuring seamless application in your daily work (Bonus points if you understand German Local GAAP (HGB))
- Orchestrate projects with efficiency and clarity, ensuring tasks are delivered on time and within budget
- Thrive in a dynamic environment where continuous learning is key. You readily embrace new challenges and quickly master new skills

Benefits:

- Fuel Your Expertise: Dive deep into the dynamic energy market, gaining invaluable insights that set you apart in the industry
- Spark Collaboration: Join a high-energy team buzzing with motivation and humour; get ready for laughter and impactful teamwork
- Connect Globally: Expand your horizons with regular interactions with colleagues from across the globe – international experience awaits
- Own Your Impact: Embrace ownership and become the go-to person for various support functions – your contributions will shine
- Invest in Yourself: Fuel your future with continuous learning and professional development opportunities to skyrocket your career
